100PXL PANEL

3 Inch spacing, 4 x 25 pixel orientation
Dimensions: 12" x 75" x 3/4" deep

Each unit can be run with one DMX input for 300 channels or can be run from a Philips PDS-480 power supply to control up to eight panels in any orientation. Madrix control system option can drive up to 128 panels.

Sized to conveniently attach to box truss. Can mount to existing pipes or trusses.

Six Panels shown at the Caprice Nightclub in Vancouver.
